The 47th Quilt Auction Is On, With A Little Help From Technology **Friday, Oct 30th & Sat, Oct 31st, 2020—9:00am to 5:00pm each day**

Live auction held at Elmira Produce Auction Cooperative (EPAC) - 7400 Reid Woods Drive, Elmira, Ontario

A few months ago, it looked like COVID-19 would force the cancellation of the province's oldest charity quilt auction. It was decided that we would proceed with an on-line auction and encourage anyone with the internet to bid on the auction site. There will also be a small event held at Elmira Produce Auction Cooperative (EPAC) for our Mennonite community who are not able to access the internet.

You can bid for Quilts, Furniture & Silent Auction items On-line!

Auctioneer Gary Jantzi (Jantzi Auctions Ltd.), has generously agreed to conduct an online auction using his HiBid platform. This means we'll have an online auction at the same time as live bidding. Pictures of the items being auctioned will be available online on the Jantzi Auction site <https://www.jantziauctions.net/> approximately one week prior to the auction.

You can bid for Quilts, Furniture & Silent Auction items at EPAC!

At the current time we are allowed 100 people total on the premises—and only 50 inside the building at a time. Due to these limitations we ask that just one family member comes to the auction grounds so that everyone has a chance to bid. Please wear a mask. People are welcome to come by on Friday to bid on silent auction items and to view the quilts and hand-crafted furniture that will be auctioned on Saturday, October 31. Reserve bids on quilts may be placed on Friday. We are selling \$20 tickets to reserve seats for the live quilt auction to begin around noon on Sat. You may purchase these tickets in advance at the Elmira District Community Living office. One seat per family please. Seating is limited. EDCL is working closely with Waterloo Regional Public Health on health and safety protocols. Please call Wendy at 519-669-3205 x 228 for last minute information regarding the live sale at EPAC as we may not be allowed to run the event.
